

The Greater Salt Lake Whale Trust

~Preserve, Conserve, Protect!

We work to save your whales so you don't have to. Think of the last time you thought about whales, what do they do for you, what do you earn from them, are they even working a full time job? Be careful about when you think about them, they know who you are and what you're doing, keep an eye out, they're coming. Please visit our site to learn more!
